FIBERFORCE BY ABC POLYMERS

1587 Colonial Dr
Chesterton, IN 46304

545 Elm St
Helena, AL 35080

We are a fully-integrated, leading manufacturer of over 30 types of Micro Synthetic, Macro Synthetic, Blended, and Steel concrete fibers for the Ready Mixed Industry. Since 1993, our concrete-fiber performance has been proven in over 125 million cubic yards of concrete. Our in-house registered engineers are available to help evaluate specific applications and recommend the best Fiber Reinforced Concrete (FRC) solution — including fiber type, dosage rate, mix design, value engineering, and finishing methods.

Randy Reed - President & CEO

Rich Gardner - Sr. Tech. Sales Mgr. rich@fiberforce.us (219) 741-5885

Tim Hartsell - Sr. VP Sales & Marketing

NEW CONTRACTOR MEMBERS:

CJ MAHAN CONSTRUCTION COMPANY, LLC.
250 N Hartford Rd
Columbus, OH 43222
614-875-8200

Perhaps best known for our expertise in major bridge structures, Mahan has nearly forty years of experience in the design and construction of a wide range of bridge types, including welded steel girder, cable-stayed steel and concrete, long-span steel truss, railroad, precast concrete, and concrete segmental bridges, many of which involved marine-based construction operations in and over navigable waterways.

Our other marine facilities experience includes lock chambers, gate structures, dams, piers and industrial docks, barge loading facilities, and deep-water cofferdams. Additionally, our experience and capabilities also include construction of deep heavy-capacity foundations, including drilled shafts, large-diameter driven steel piling, driven steel piles, micro-piles, and large reinforced concrete spread footings.

Doug McCrae – President
Jeff Hollback – Vice President
Mike Horne – Vice President

S&ME delivers construction materials testing and inspection services as well as engineering, design, planning and environmental services for the built environment. Founded in 1973, we have grown into a 1,100-person corporation operating from 34 offices across the US. S&ME is owned by its employees who remain faithful to our core values of safety, quality, honesty and integrity. We believe engineering and technical services must be directed by professionals with

relevant experience, so we build our teams to fit projects. Our goal is to provide practical solutions to our clients' infrastructure, development and environmental challenges. We care about our clients and devote our abundant resources and technical expertise to helping them safely and efficiently meet their objectives. Built for Versatility.
