CONCRETE & PORTLAND CEMENT ACTION NETWORK:

Formed in 2014, the Concrete and Portland Cement Action Network(CAPCAN) is dedicated to electing candidates who recognize the vital role of the concrete and Portland Cement industries in building a strong economy. A federal SuperPAC, CAPCAN supports candidates through independent expenditures and does not directly contribute to candidates. CAPCAN may accept unlimited contributions from any source, including individuals, political committees, corporations, and labor organizations, but may not accept contributions from foreign nationals (except foreign citizens who have a green card) or federal contractors.

RULES/REGULATIONS:

Safety and course rules will be reviewed the day of the event. Teams will be organized in groups of 6 and by skill level*. It is highly recommended to have one Intermediate-Experienced shooter on your team. Sharing a gun within your group is permitted by the club. Prizes will be awarded at the Dinner Banquet for the top three high shooters, based on individual scores.

**Subject to change, based on final details from the course and number of available carts*

ABOUT HILL'N DALE:

Hill 'N Dale Club has one of the best sporting clays courses in the Midwest. Designed by world famous course designer, Gordon Phillips, Hill 'n Dale is well known for its challenging and exciting presenta-

tions by utilizing a wide variety of over 65 automatic traps. There is an additional course that is open April-September. Both courses offer the Longrange sporting clays card system.

Individual shooters can shoot the courses using the delay feature on the cards as well.

With over 30 different available stations, the sporting clay courses provide varying degrees of difficulty. The club staff is constantly changing target presentations on the course/s to provide fresh and new looks for our members and their guests.

The woods course has presentations over 3 ponds, a 50-foot ranger tower, 60-foot double telephone pole tower, and a great variety of woods and field shots. The field course offers some great presentations in the open sky and utilized the many field edges for hiding traps. The club offers some Sport-

ing Clay leagues for members that present a new set of targets every week. By shooting every week at new targets, shooters can really improve their shooting prowess.

The club has a second sporting clays course, our field course, which is open April-September. This course uses some of our hunting fields as a backdrop and provides for some very fun and challenging presentations.
