

CHANGES TO THE CONCRETE DESIGN STANDARD ACI CODE 318-25

CLICK HERE TO REGISTER

LIVE WEBINAR

DEC. 9

**12 PM EST
-1:30 PM**

Speaker

GREGORY ZEISLER, PE

Engineer

This webinar provides an overview of key updates to ACI's reinforced concrete design standard: ACI CODE 318-25

*"Building Code for Structural Concrete
— Code Requirements."*

Gain insight into the changes impacting:

- *New anchorage & development requirements*
- *Updated shear equations for foundations & retaining walls*
- *Revised mechanical splice guidelines*
- *New appendices on sustainability & performance-based wind design*

Earn 1.5 CPDs for this program

Gregory Zeisler, PE, is an Engineer with the American Concrete Institute, where he has served since 2009. He is the staff liaison and secretary for the ACI 318 code committee and has extensive experience in structural design, particularly in parking and retail facilities. Greg holds a BS in Civil Engineering from the University of Wisconsin-Platteville and an MS from Purdue University. He is a licensed professional engineer in Indiana and Wisconsin.
